

SCCHS Music Department

The SCCHS Music Department has a variety of different ensembles for students to get involved in. We strive for inclusion and offer many opportunities for students of all levels and abilities to learn by making and sharing music. This year we have a full roster of activities, workshops, and performances which are sure to contribute to the development and learning of all students involved!

If you have any questions or would like more information, please do not hesitate to contact us!

MusicFest Canada Festival Tour

This year the concert bands and choirs will be traveling to MusicFest Canada, an invitation-only National Festival!! An invitation to a National Festival such as this is a great honour. The students have diligently prepared and performed a very high level of musical repertoire and been adjudicated by several musical professionals in order to receive this invitation.

Entering its 48th celebration year, Music Fest Canada “The Nationals” brings thousands of students and educators across the country together to celebrate excellence in musical performance. The students will have the opportunity to work with internationally renowned music clinicians and adjudicators, meet many young singers and musicians from across the country, as well as observing other high school ensembles in action, and attending professional musical performances. This year’s festival will take place in Calgary, AB in May 19-22, 2020.

Anyone who is enrolled in Meistersingers, Chamber Singers, Wind Ensemble, and Wind Orchestra is eligible to attend this festival. Detailed information regarding scheduling and payment will be sent out to Music Department Families in the coming weeks.

Remind 101

To stay informed about Music Department events and activities, please don’t forget to sign up for Remind 101 for each of the ensembles your child is involved in.
